ANSHUL

Aspiring Cybersecurity Analyst | Ethical Hacking & Penetration Testing Enthusiast

+91 70114 28817 | panshul317@gmail.com | linkedin.com/in/the-cyber-wolf | github.com/the-anshul | Noida, India

CAREER OBJECTIVE

Motivated Computer Science undergraduate with a strong interest in cybersecurity, ethical hacking, and application security. Hands-on experience in network intrusion detection, system log analysis, and OSINT through academic projects. Eager to assist in penetration testing and vulnerability assessment under senior guidance, and grow in a professional security environment.

TECHNICAL SKILLS

Cybersecurity: Network Intrusion Detection, System Log Analysis, OSINT, Reconnaissance Techniques

Kali Linux Tools: Nmap (Port Scanning), Wireshark (Packet Analysis), Basic CLI-based recon tools

Operating Systems: Windows 10/11 (Installation, Troubleshooting), Linux, Kali Linux

Networking: IP Addressing, DNS, DHCP, TCP/IP, LAN, Traffic Analysis (Conceptual)

Virtualization: VirtualBox, VMware

Learning: OWASP Top 10 (Self-studying), Web Application Security Concepts

ACADEMIC PROJECTS

Network Intrusion Detection System (IDS) — Working Project

- Developed and deployed a fully functional IDS that monitors live network traffic and detects anomalies in real time
- Implemented traffic pattern analysis to identify suspicious activity including port scans and DoS attack indicators
- Configured real-time alert mechanisms and documented attack vectors — simulating real-world security incident reporting

System Log Analysis & Incident Response

- Collected and analyzed Windows & Linux system logs to detect security anomalies and suspicious events
- Practiced triage and escalation procedures — building foundation for vulnerability documentation and reporting

OSINT Investigation (Open-Source Intelligence)

- Applied OSINT methodology to gather publicly available information for security reconnaissance
- Analyzed digital footprints using open-source tools — relevant to pre-engagement recon in ethical hacking

EDUCATION

B.Tech in Cyber Security — Maharishi University, Noida *Sep 2023 – May 2026 (Pursuing)*

KEY STRENGTHS

Eager to Learn | Logical Thinking | Attention to Detail | Report Writing | Communication (English) | Team Collaboration | Adaptability

DECLARATION

I hereby declare that all the information provided above is true and correct to the best of my knowledge and belief.
